

Year 11 Homework overview

Student Emails (www.office.com)

All students have a school email account (we use Microsoft 365). Year 10 school email address use the following format; forenamesurname17@noelbakeracademy.co.uk (for example jobloggs17@noelbakeracademy.co.uk)

Students have set their own password, it is the password they use to log onto a school computer. Please email ictsupport@leaditservices.co.uk for a password re-set or ask your form tutor to do it for you.

School Website Access (www.noelbakeracademy.co.uk)

All homework tasks and instructions are placed into subject and weekly folders on the school website, students need their username and password to access. Year 11 usernames take the following format; Forenamesurname17 (for example jobloggs17). Student have already set their own password, it is the password they use to log onto a school computer. Please email ictsupport@leaditservices.co.uk for a password re-set or ask your form tutor to do it for you.

Tassomai (www.tassomai.com)

Tassomai is a platform used by Science and English for the completion of homework. Students need their school email address and password to access. Students can either use the website or download the APP. Students enter their email address when they log on and select their own password. This password can be re-set by their teacher or they can request a password re-set within the website which is sent to their email address.

Hegarty Maths (www.hegartymaths.com)

Hegarty is the platform we use for Maths homework. Students enter their name and date of birth when they log on and select their own password. This password can be re-set by their teacher or they can request a password re-set within the website which is sent to their teachers who will change. Further guidance, including instructional videos, are provided on our website using the following link <https://www.noelbakeracademy.co.uk/how-to-use-hegarty-maths/>
