1.1 Introduction

By attending Noel-Baker Academy you are agreeing to uphold and abide by this Behaviour Policy. This policy sets out our expectations for all members of our community, students and staff. It clarifies the sanctions that are in place for any deviation from the policy. Please note that Noel-Baker Academy reserve the right, at any time, to respond to any incident in a manner that best serves the interests of our community.

Equality Statement

The L.E.A.D. Academy Trust is committed to applying the equality duty in all academies across all phases. It is the responsibility of all staff, leaders, trustees and governors to have due regard to the need to eliminate unlawful discrimination, to advance equality of opportunity, and to foster good relations between people.

We expect outstanding behaviour from every student.

The role of our Academy goes beyond simply preventing poor behaviour and maintaining good order to systematically promoting positive relationships and good manners. This work involves a clear partnership between Parents/Carers, students and the Academy in helping our young people become active global citizens, able to make a full contribution to society and so live a happy and successful life. Our Behaviour Policy is consistently and fairly applied and underpins effective education. School staff, students and parents should all be clear of the high standards of behaviour expected of all students at all times, as detailed in this policy.

Objectives;

- ✓ To provide a knowledge rich curriculum which fulfils the needs of the individual;
- ✓ To recognise achievement and engage the students in all aspects of school life;
- ✓ To provide an orderly environment, where students and staff are mutually respectful;
- ✓ To implement rewards and sanctions fairly and without prejudice;
- ✓ To develop positive relationships with all our partners involved in the education of our students;
- ✓ To work effectively with parents/carers and the community to ensure the best possible outcomes for our students.

In a large community there is a need for a clearly understood and agreed set of expectations with regard to behaviour. The management of behaviour at our academy requires that every student takes personal responsibility and is ready to learn, by having positive behaviours for learning. We want to work in partnership with Parents/Carers to ensure their child achieves their full potential.

This policy is in line with DFE Guidance around Behaviour and discipline, which specifically states that:

- ✓ Teachers have power to discipline students for misbehaviour which occurs in school and, in some circumstances, outside of school.
- ✓ The power to discipline also applies to all paid staff (unless the head teacher says otherwise) with responsibility for students, such as teaching assistants.
- ✓ Headteachers, proprietors and governing bodies must ensure they have a strong behaviour policy to support staff in managing behaviour, including the use of rewards and sanction.
- ✓ The proprietors of Academies have a duty under paragraph 7 of Schedule 1 to the Education (Independent School Standards) (England) Regulations 2010. They must ensure that arrangements are made to safeguard and promote the welfare of students.

- ✓ Teachers have statutory authority to discipline students whose behaviour is unacceptable, who break the school rules or who fail to follow a reasonable instruction (Section 90 and 91 of the Education and Inspections Act 2006).
- ✓ Teachers can discipline students at any time the student is in school or elsewhere under the charge of a teacher, including on school visits.
- ✓ Teachers can also discipline students in certain circumstances when a student's misbehaviour occurs outside of school bringing the academy into disrepute.
- ✓ Teachers have a power to impose detention outside school hours.
- ✓ Teachers can confiscate pupils' property including mobile phones and headphones.

Supporting students

Children and young people may experience a wide range of social and emotional difficulties which manifest themselves in many ways. These may include becoming withdrawn or isolated, as well as displaying challenging, disruptive or disturbing behaviour. These behaviours may reflect underlying mental health difficulties such as anxiety or depression, self-harming, substance misuse, eating disorders or physical symptoms that are medically unexplained. Other children and young people may have disorders such as attention deficit disorder, attention deficit hyperactive disorder or attachment disorder.

Staff will work collectively to identify whether a child or young person's behaviour may be related to other underlying issues or root causes, resulting in the presenting behaviour. Staff will support them effectively in these circumstances and will provide advice and guidance on working with other professionals and external agencies where appropriate. Where it is perceived that there is a mental health concern, pastoral staff will consult the Academy 'Mental Health Index' for specific signposting guidance to ensure the earliest of intervention.

Where a student is identified as having SEN, the academy takes action to remove barriers to learning and implement effective special educational provision in place. This SEN support should take the form of a four-part cycle through which earlier decisions and actions are revisited, refined and revised with a growing understanding of the pupil's needs and of what supports the pupil in making good progress and securing good outcomes. This is known as the graduated approach.

Outside agencies may include:

- School nurse
- Educational psychologist
- Police
- Family doctor
- CAMHS
- Behaviour support team
- Speech therapist
- Visual impairment services
- Families Information Service/ ASK US (formally parent partnership)
- Attendance Support Team (formally EWO)

House system

In September 2021 we moved to a house system. This consists of 4 houses: LEAD, EMPOWER, ACHIEVE and DRIVE.

Noel-Baker Academy House System

At Noel-Baker Academy, we believe passionately that our students are entitled to the same breadth and depth of provision as a student attending any of the best schools in the country. We know that

we are on a journey towards greatness and that with persistent effort, hard work and patience, amazing things can and will be achieved for and by our young people. As part of this journey, we have a House system.

What is our HOUSE system like?

Our House system consists of four Houses linked to our core values; LEAD, EMPOWER, ACHIEVE and DRIVE. Each House is led by their Head of House.

Student form groups are in year groups.

Students wear a lunch pass and lanyard which identifies their House colours. Students representing the Student Leadership team wear a unique tie to identify their responsibility as well as their lanyard to represent the House they are associated with.

Why do we have a House system?

Our vision is that the House system will further enhance our pastoral care, allowing our community to foster a deeper sense of belonging and a strong team spirit. The House system is at the core of every aspect of our ethos and culture and allows all children to excel and contribute based on their individual strengths. It promotes a sense of responsibility in the students and a positive ethos and culture based around community and aspiration to be the best.

House membership brings a sense of belonging, along with the opportunity to enter into competitions with peers. Educational studies have also shown that House systems have numerous academic benefits as well as social-emotional ones. Research also shows that those who feel comfortable and supported enough to participate in House events are more likely to feel able to commit themselves fully to academia.

All siblings remain in one House to allow a single point of contact with their designated House Leader, where possible.

Break times take place in zoned year group spaces and lunchtimes take place in Houses. All Houses will have a designated lunchtime. These slots will be 40 minutes long to allow all students the opportunity to have their lunch and reduce the need to queue through our new ordering system.

What are the benefits of having a House system?

The House system:

1. Creates a streamlined and more efficient communication system.
2. Is a further enhancement to the positive school ethos, through the participation of House events, competition and our bespoke co-curricular offer.
3. Develops school leadership opportunities and peer on peer support and guidance, allowing the student voice to be coherent across all four Houses.
4. Creates a community ethos, whereby students across year groups are working collaboratively together.
5. Further enhances pastoral support for families (SEND, Attendance, MHWB, Behaviour and Safeguarding)

3.1 Behaviour responsibilities

The Head teacher and Senior Leadership Team are responsible for the implementation and day-to-day management of this policy and procedures.

All staff are responsible for ensuring this policy and procedures are followed, and consistently and fairly applied. Support amongst all staff in the implementation of the policy is essential. Staff play a key role in advising the Headteacher and Senior Leadership Team on the effectiveness of the policy and procedures. Staff have a responsibility, with the support of the headteacher, for creating a high quality learning environment which fosters a positive ethos and atmosphere for all students within both lessons and the Academy itself.

Parents and carers are expected to take responsibility for the behaviour of their child/children both inside and outside of the Academy. Parents and carers are to work in partnership with the Academy in maintaining high standards and expectations of behaviour in line with this policy.

Parents and carers will have the opportunity to raise any issues arising from the policy with the Academy at any point deemed necessary.

Students are expected to take responsibility for their own behaviour and will be made fully aware of the school policy, procedures and expectations at regular points over the course of the academic year. Students are expected to report any instances of misbehaviour, disruption, violence or bullying as soon as this is witnessed so that it can be dealt with in line with the policy.

The procedures arising from the policy will be developed by the headteacher in consultation with the staff. The procedures will make clear to the students how acceptable standards of behaviour can be achieved and will have a clear rationale which is made explicit to all staff, students and parents. The procedures will be consistently and fairly applied and promote the idea of personal responsibility and that every member of the school has a responsibility towards the whole community.

The school will investigate, as appropriate, reported incidents of student misbehaviour. All incidents will be logged on Go4Schools and kept on the student’s individual record.

If an incident occurs in the classroom the initial responsibility lies with the subject teacher to deal with the incident using the sanctions outlined in this policy. If the misbehaviour is more serious or is repeated, then the subject teacher will inform 'on call' who will become involved in dealing with the incident. This incident will be then dealt with by the Head of House and/or the Senior Leadership Team depending on the severity of the incident.

4.1 Training of Staff

This is carried out through the induction training process to all new staff members and on a regular basis to all staff throughout the academic year.

5.2 Behaviour Procedures

Noel-Baker Academy is committed to high standards of behaviour in the Academy and in our community. We are committed to 'LEADing students to a bright future'.

Noel-Baker Academy expects outstanding behaviour from every student. Our aim is to promote positive behaviour and to avoid the need for sanctions and exclusions. Positive behaviours lead to positive and secure relationships which in tern support:

- Teaching and learning (behaviour for learning)
- Academic success (attainment and achievement)
- Personal, social and moral development (feeling secure and a sense of belonging)

Consequences are there to remind students that they have made a poor choice by breaking the rules or behaving in an unacceptable way. Our expectations are very clear; “It’s our right to teach” and “the student’s right to learn”. Consequences will be issued fairly and consistently. If students are in anyway disrupting the learning of themselves or others, they will be issued with a consequence.

If a student disrupts learning they will be issued with a C1. The student will be informed of the C1 verbally and the students name will be recorded on the whiteboard. If the student disrupts learning AGAIN they will receive a C2 and be removed to allow learning to continue.

As a result, on call will arrive at the lesson and the student will be removed from the lesson and taken to the check in room then the behaviour room where they will work for a set period of time. The behaviour mentor in the check in room will log the incident on Go4schools and add in the notes section the information regarding the C2 so that both the relevant staff can see the reason for the C2. Parents/carers will receive communication through email or text to inform them that their child has received a C2. Staff in the behaviour room will facilitate and support with learning of all students.

A C2 can also be issued for high level disruption / dangerous behaviour without issuing a C1. i.e shouting/verbally abusing teacher or another student, the use of derogatory language,

Students are expected to complete a detention from 3.05pm until 4:00pm. They complete a detention with a senior leader and the pastoral team.

Time is set aside to enable staff to conduct a corrective conversation with the students where the ownership is on the student to apologise for their actions and the disruption of learning. This conversation is a key step in the behaviour process as it allows for the student to end the day positively by apologising for their behaviour to the teacher allowing for a fresh start next lesson.

The behaviour room operates an attitude to learning and warning system. Warning 1 is issued by the staff member present in the behaviour room. Warning 2 is issued by a member of the pastoral team. This is a final warning. If the student continues to not meet expectation, it is deemed they have failed and will remain in the behaviour room for the entire day. A member of the senior team will be called to deliver this message and parents/carers will receive communication of this. All warnings are logged to allow the students to have clarity on their progress throughout their time in the behaviour room. If behaviour does not improve then the student may serve further sanctions within the behaviour room or be escalated through the tiered approach system. The Attitude to learning system allows for students to put things right by gaining positive scores for their behaviour while working in the behaviour room.

The system of applying consequences can be found in Appendix 2

Rewards

Celebrating success of our students is pivotal to recognise the high standards, effort, achievement and respect they demonstrate on a daily basis. Students will be rewarded for their attendance, positive behaviour and conduct within the academy, as well as attending co-curricular and enrichment activities. All rewards issued are recorded on Go4Schools which can be accessed by parents/carers.

Noel Baker Academy links reward points to the house system to recognise positive behaviour. Each point achieved contributes to the overall totals for the 4 houses.

Each lesson staff 'strive for 5' – issue at least 5 reward points per lesson linked to our 4 core values (Lead, Empower, Achieve and Drive). In addition, an extraordinary reward is issued in the form of a praise postcard to students who have gone above and beyond. (See appendices for further details).

The system of applying rewards can be found in Appendix 2

5.3 Behaviour Curriculum

The behaviour curriculum consists of 4 areas; Bootcamp, Reboot, The Behaviour Room and Behaviour Mentoring. Each aspect of our behaviour curriculum is to ensure students understand the benefits of positive behaviour, take responsibility and are accountable for their behaviours and to provide them with practical strategies in order to self-regulate and manage their behaviour.

Bootcamp is completed at the beginning of the academic year. All students are explicitly taught and modelled the behaviours expected of them. Key changes in behaviour systems or routines are communicated to students. Each lesson allows for deliberate practice to ensure students know how to get it right and allow them to be successful.

Reboot is a supportive measure for our repeat offenders; those who regularly struggle to make positive behaviour choices. Reboot takes place during the final week of each half-term. Behaviour data is analysed and students receiving the highest number of C2's are delivered a specific Reboot programme, in small groups. Each reboot has a specific focus and this is based upon the needs of those students identified.

The behaviour room is where students are isolated when they have received a C2. The work completed in the behaviour room is done so on laptops that are monitored via SENSO; a programme that allows staff to monitor work completion. Each year group has their own classroom, on a platform called Showbie, and the work uploaded to their classroom is the work set by their classroom teacher for that half term. The purpose of this is to ensure all students are completing high quality work. This prevents gaps in knowledge that could otherwise occur, if students are not in their timetabled lessons. Students can share their work completed with their classroom teacher which enables the checking of student work.

Behaviour Mentoring referrals are made by heads of house. Students complete a questionnaire and as a result receive a score. Referrals are processed weekly. Students are ranked on their score and a pathway is identified for them, based specifically on their needs. Students will have 1, 1 to 1 behaviour mentoring session each week, following either a 4 or 6 week pathway. During sessions, students are able to discuss the problems they are facing but also work with the behaviour mentor to understand practical solutions to support and provide them with tools to be more successful. Please see appendix 10 for Behaviour

Behaviour Curriculum documents can be found in Appendix 10

5.4 Detentions

If a student receives a C2 in the lesson, or if they truant a lesson they will automatically stay until 4:00pm. The Academy will inform parents via school comms. If students do not complete the detention without a valid reason they may face a further day in the behaviour room.

What the Law Allows:

Teachers have the power to issue detention to students (aged under 18).

The times outside normal academy/school hours when detention can be given include:

- ✓ any academy/school day where the student does not have permission to be absent;
- ✓ weekends - except the weekend preceding or following the half term break; and
- ✓ non-teaching days; usually referred to as 'training days', 'INSET days' or 'non-contact days'.

Parental consent is not required for detentions.

As with any disciplinary penalty a member of staff must act reasonably when imposing a detention.

Detentions outside academy/school hours:

Staff should not issue a detention where they know that doing so would compromise a student's safety. When ensuring that a detention outside academy/school hours is reasonable, staff issuing the detention should consider the following points:

- ✓ Whether the detention is likely to put the student at risk.
- ✓ Whether the student has known caring responsibilities, which mean that the detention is unreasonable.
- ✓ Whether the parents/carers ought to be informed of the detention. In many cases it will be necessary to do so, but this will depend on the circumstances. For instance, notice may not be necessary for a short after academy/school detention where the student can return home safely.
- ✓ Whether suitable travel arrangements can be made by the parent/carer for the student. It does not matter if making these arrangements is inconvenient for the parent/carer.

5.5 Behaviour Panels

The Academy will conduct Behaviour Panels where a student has failed to comply with expectations and this Policy, despite intervention.

Students will attend Behaviour Panels with their parents/carer, or another responsible adult if their parent/carer is unable to attend. The Panel will be made up of members of the Senior Leadership team

and where appropriate an AGB or Trust representative.

The Behaviour Panel will undertake an interview with the student/s and the parents/carers which will focus on: the seriousness of the situation: academy expectations: areas of concern and a commitment to the Academy's Behaviour Policy and the Code of Conduct.

Behaviour panel meetings will be minuted and a copy of the notes placed on the student file.

5.5 Internal Exclusion/off site internal exclusion

A tiered approach is applied to behaviour and Internal Exclusion in the behaviour room and is used for incidents that are deemed more serious than a C2. This could mean a student working in Internal Exclusion for up to a 5 day period with key senior staff. The work completed in Internal Exclusion is exactly the same content as in the students' normal timetabled lessons.

Off-site Internal Exclusion may also take place in another Academy setting to allow respite for the student and enable them to reflect on their behaviour. All partner Academies ensure the health and safety of students and will meet all requirements in relation to safeguarding and student welfare when using this measure. If the Academy decides to take this approach all parties will be informed to enable the provision to be a success. Relevant documentation and attendance records are updated daily.

Staff will ensure that students are kept in Internal Exclusion no longer than is necessary and that their time spent in Internal Exclusion is used constructively. As part of the process a corrective conversation will take place with the member of staff whom the incident occurred. This will allow for a fresh start following their time in Internal Exclusion. A student apology must take place before the student returns to learning.

5.7 Suspensions/exclusions

The Academy follows statutory guidance by the Department for Education. There are two types of academy exclusion:

- ✓ fixed term suspension for a maximum of 45 days per academic year;
- ✓ permanent exclusion where a student may not return to the academy;

Exclusion whether fixed term or permanent, is the most serious sanction.

The recommended procedures are followed for:

- ✓ fixed term suspension under 5 days
- ✓ fixed term suspension over 5 days;
- ✓ fixed term suspension at lunchtimes;
- ✓ Last chance managed move / permanent exclusion as a last resort.

Any form of poor behaviour could ultimately result in a last chance managed move or permanent

exclusion. This sanction could be for behaviour within the Academy, off site at another school (while in off-site provision or on a managed move) or for bringing the Academy into disrepute while in the community.

At Noel- Baker Academy we will do our very best to support the students during every stage of the disciplinary process, to enable students to adopt standards of behaviour which support the core purpose of the Academy: Teaching and Learning.

The full support of students and their parents/carers is expected at every stage to avoid any student becoming permanently excluded.

Students are at risk of either fixed term suspension or permanent exclusion if they:

- ✓ use physical/verbal aggression or bully other members of academy or local communities;
- ✓ persistently ignore any aspect of the behaviour policy on or off site;
- ✓ act in a manner which endangers the health and safety of students;
- ✓ persistently disrupt teachers' teaching and students' learning;
- ✓ act in a disrespectful manner towards staff.

The suspension of a student is a very serious matter. It is not a step which we take lightly and it is the consequence of a serious breach of this Policy. Each and every situation will always be thoroughly investigated, judged on its own merits and decided on the 'balance of probability' when all reasonable efforts have been made to ascertain the facts of the situation. When considering suspending a student, schools should consider any contributing factors that are identified after an incident of poor behaviour has occurred, which could include where the pupil has mental health problems.

Where appropriate, we will consider if action can be taken to address underlying causes of disruptive behaviour before issuing an exclusion. In doing so, if a child has SEN or a disability and/or is a Looked After Child, there are additional requirements and expectations of them as set out in the relevant legislation and statutory guidance. Permanent exclusion, for example, needs to be very much a last resort. However, in all cases, schools must balance the interests of the pupil against of the mental and physical health of the whole school community.

As a general guide, the following behaviour will normally be deemed serious enough to warrant exclusion being considered the most appropriate punishment:

5.7.1 Child-on-child abuse

Keeping Children Safe in Education defines child-on-child abuse as most likely to include but not limited to:

- Bullying (including cyberbullying, prejudice based and discriminatory bullying)
- Abuse within intimate personal relationships between children (sometimes known as 'teenage relationship abuse')
- Physical abuse such as hitting, kicking, shaking, biting, hair pulling or otherwise causing physical

harm (this may include an online element which facilitates, threatens and /or encourages physical abuse)

- Sexual violence, such as rape, assault by penetration and sexual assault (this may include an online element which facilitates, threatens and /or encourages sexual violence)
- Sexual harassment, such as sexual comments, remarks, jokes and online sexual harassment, which may be standalone or part of a broader pattern of abuse
- Causing someone to engage in sexual activity without consent, such as forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party
- Consensual and non-consensual sharing of nudes and semi-nude images and or videos
- Upskirting, which typically involves taking a picture under a person's clothing without their permission, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress, or alarm
- Initiating/hazing type violence and rituals (this could include activities involving harassment, abuse or humiliation used as a way of initiating a person into a group and may also include an online element)
- It can also include causing someone to engage in extremist or radicalising behaviour

Preventing child-on-child abuse

There is a whole academy approach to preventing child-on-child abuse, including child-on-child sexual violence and sexual harassment; this forms part of the whole academy approach to safeguarding. The academy will seek to minimise the risk of child-on-child abuse by ensuring an approach that prepares learners for life in modern Britain. The establishment has a clear set of values and standards which are upheld and demonstrated throughout all aspects of academy life. See safeguarding and Child Protection policy for further information and guidance.

5.8 Power to search, use of reasonable force and confiscation

Noel-Baker Academy operate within the two sets of legal provisions which enable the academy staff to confiscate items from students.

The general power to discipline enables a member of staff to confiscate, retain or dispose of a student's property as a punishment, so long as it is reasonable in the circumstances. The law protects staff from liability for damage to, or loss of, any confiscated items provided they have acted lawfully.

Power to search without consent for “**prohibited items**” including:

- ✓ knives and weapons;
- ✓ alcohol / illegal drugs;
- ✓ stolen items;
- ✓ tobacco and cigarette papers;
- ✓ fireworks;
- ✓ pornographic images;
- ✓ any article that has been or is likely to be used to commit an offence, cause personal injury or damage to property.

Under common law, school staff have the power to search a pupil for any item if the pupil agrees. An example of items include;

- ✓ any item banned by the school rules which has been identified in the rules as an item which may be searched for.

If a student refuses to cooperate, the member of staff may sanction the pupil in line with the school's behaviour policy, ensuring that they are responding to misbehaviour consistently and fairly.

If a student continues to refuse to cooperate, the member of staff will assess whether it is appropriate to use reasonable force to conduct the search. A member of staff can use such force as is reasonable to search for any of the prohibited items, identified above, but not to search for items which are identified only in the school rules. See **5.8.1 Power to use reasonable force**.

Following the confiscation of weapons and other items it is for Noel-Baker staff to decide if, and when to return a confiscated item. Knives, controlled drugs and extreme or child pornography must always be handed over to the police.

Any search by a member of staff for a prohibited item (listed above) will be reported on the Academy's safeguarding reporting system, including whether an item is found or not. Parents will be informed if a search for prohibited items is conducted.

An appropriate location for a search will be found and will be conducted away from other students. The staff conducting the search will be of the same sex as the student being searched. There will be another member of staff present as a witness to the search.

A member of staff can search a student of the opposite sex and/or with or without a witness present only:

- If the member of staff carrying out the search reasonably believes there is a risk that serious harm will be caused to a person if the search is not carried out as a matter of urgency; **and**
- In the time available, it is not reasonably practicable for the search to be carried out by a member of staff who is the same sex of the student or it is not reasonably practicable for the search to be carried out in the presence of another member of staff.

If a search is carried out without a witness, the member of staff who conducted the search will immediately report this to another member of staff, and ensure a record of the search is kept.

A member of staff may search a pupil's outer clothing, pockets, possessions, desks or lockers. Staff conducting the search must not require the student to remove any clothing other than outer clothing. 'Outer clothing' means any item of clothing that is not worn wholly next to the skin or immediately over a garment that is being worn as underwear, as well as hats, shoes, boots or scarves.

'Possessions' means any goods over which the student has or appears to have control – this includes desks, lockers, bags. A student's possessions can only be searched in the presence of the student and another member of staff, except where there is risk that serious harm will be caused to a person if the search is not conducted immediately and where it is not reasonably practicable to summon another member of staff.

5.8.1 Power to Use Reasonable Force

- ✓ In line with Department for Education guidance, members of staff have the power to use reasonable force to prevent students committing an offence, injuring themselves or others, or damaging property, and to maintain good order and discipline in the classroom.
- ✓ The Principal and authorised school staff may also use such force as is reasonable given the circumstances when conducting a search without consent for knives or weapons, alcohol, illegal drugs, stolen items, tobacco and cigarette papers, fireworks, pornographic images or articles that have been or could be used to commit an offence or cause harm.

5.8.2 Definition of Reasonable Force

- ✓ The term 'reasonable force' covers the broad range of actions used by most teachers at some point in their career that involve a degree of physical contact with students.

- ✓ Force is usually used either to control or restrain. This can range from guiding a student to safety by the arm, through to more extreme circumstances such as breaking up a fight or where a student needs to be restrained to prevent violence or injury.
- ✓ 'Reasonable in the circumstances' means using no more force than is needed and for no longer than is necessary.
- ✓ Academies/schools generally use force to control students and to restrain them. Control means either passive physical contact, such as standing between students or blocking a student's path, or active physical contact such as leading a student by the arm out of a classroom.
- ✓ Restraint means to hold back physically or to bring a student under control. It is typically used in more extreme circumstances, for example when two students are fighting and refuse to separate without physical intervention.
- ✓ Noel Baker staff will always try to avoid acting in a way that might cause injury, but in infrequent cases it may not always be possible to avoid injuring the student. If this happens it should not necessarily be seen as malpractice but as an unfortunate outcome of keeping students safe and others.

5.8.3 When can reasonable force be used?

- ✓ Reasonable force can be used to prevent students from hurting themselves or others, from damaging property, or from causing disorder.
- ✓ The Head teacher and staff authorised by the Principal, can use such force as is reasonable when searching a student without consent for prohibited items except where the search is for an item banned by academy/school rules.
- ✓ At Noel Baker Academy, force can be used for two main purposes; to control or restrain a student.
- ✓ The decision on whether or not to physically intervene is down to the professional judgement of the staff member concerned and should always depend on the individual circumstances.

5.8.4 Staff at Noel-Baker Academy if necessary can use reasonable force to:

- ✓ prevent a student from attacking a member of staff or another student, to stop a fight in the playground or to restrain a student at risk of harming themselves through physical outbursts.
- ✓ prevent a student leaving the classroom where allowing the student to leave would risk their safety or lead to behaviour that disrupts the behaviour of others;
- ✓ prevent a student behaving in a way that disrupts the academy/school event, trip or visit;
- ✓ remove disruptive students from the classroom where they have refused to follow an

instruction to do so;

Noel-Baker Academy will not use force as a punishment; it is always unlawful to use force as a punishment.

See our Attendance policy which is linked closely to the behaviour policy with specific reference to punctuality to school and lessons.

Appendix 1 – Noel Baker Academy Rules

Noel-Baker Academy operates a culture built upon mutual respect. Everything we do links directly to our core principles of Leadership, Empowerment, Achievement and Drive. At Noel-Baker we are always polite and courteous. We say 'Sir' and 'Miss' to all staff. We say 'please' and 'thank you' and 'excuse me'. We smile when we greet people and we say 'good morning' or 'good afternoon'. At the start of all our lessons we say 'Good morning Year 7' and our students respond with 'Good morning Mrs Sargent' addressing the staff member themselves. Our lessons end with 'Good morning and thank you Year 7. I look forward to seeing you next lesson' and our students respond by saying 'Good morning and thank you'

At Noel-Baker Academy teachers and students work collectively together to ensure the very best. All students know what they must do and that our expectations are of the highest standard.

At Noel-Baker we celebrate success for students making the right behaviour choices and we take action to remind students of the consequences of the wrong choices.

At Noel-Baker we are consistent in the way that we tackle instances where students have made the wrong choices, this is because we want our students to be the very best they can be. We will teach students to break your bad habits and learn new empowering habits which will make them successful in school and life beyond school.

Noel-Baker Academy teachers care and want the very best for each and every student who attends the Academy. That is why we will be firm but fair. Every time a teacher gives you a consequence or a detention they are reminding students of the behaviours we expect and the behaviours that we can't allow students to display. This is why we tackle poor habits and students who make the wrong choices such as disruption, laziness, rudeness, excuse-making, sulking, and feeling sorry for ourselves. We want to help students to grow up into mature, responsible and successful adults.

As part of this we insist that everyone at Noel-Baker looks out for each other. If someone is in need of help then we help and support them, if students hear someone being unkind or unpleasant we expect them to tell the nearest teacher and support the student. If someone drops something we expect students to help them pick it up.

At Noel-Baker we work hard, try our very best and are kind to one another.

At Noel-Baker we expect everyone to do the following at all times:

S.T.E.P.S

1. Sir or Miss - every time
2. Thank you - every time
3. Excuse me - every time

4. Please - every time

5. Smile - every time

Sir or Miss

Students always refer to staff as Sir or Miss. It's a sign of respect and is polite and courteous. Students habitually end their sentences by saying Miss or Sir when talking to teachers. All teachers will treat all students with respect and be extremely polite. This is a partnership involving mutual respect between teachers and students.

Thank you

At Noel-Baker Academy we hold doors open for one another, we let people pass in front of us, we don't barge past one another. We queue for lunch politely and efficiently, in single file. We line up to enter classes, we never talk when lining up, we greet each other and we thank each other for the lesson at the end. We know every single second counts and learning is vital to our education. These are all signs of mutual respect. Noel Baker Academy is built upon teachers and pupils treating each other with respect. We are one team working together to achieve the same goal.

Excuse me

At Noel-Baker Academy our students know that manners cost nothing. We never push past or interrupt people. If we want to get past, we say "Excuse me!" very politely. Similarly, if we want to talk to somebody, a teacher for example, we say, "Excuse me. Do you have a minute? Could you help me with something?" We don't take others for granted. We are polite.

We are especially polite and respectful in corridors, on the stairs and when queuing. We do what we have to do very smoothly and efficiently. We are polite to our peers, to all members of staff and visitors of the Academy, this includes the site staff, canteen and cleaning staff, **there are no exceptions.**

Please

Noel Baker Academy students and teachers show an "attitude of gratitude" every day and in every interaction they have. We say Sir/Miss, thank you, excuse me and please very naturally. This is part of everyday life at Noel Baker Academy and will empower good habits for later life.

Smile

We always smile and say good morning or good afternoon. We are polite and and courteous at all times. When we greet somebody we smile, when a teacher says hello, good morning or good afternoon to us in the corridor we reply with an upbeat, "Hello Miss!" or "Morning Sir!" and we smile. We are professional.

SHAPE

At Noel-Baker Academy we S.H.A.P.E our responses. We speak in a polite calm manner and in full SENTENCES, we make sure our HANDS are away from our faces as we speak, we ARTICULATE, we never mumble. We PROJECT, this means we speak clearly and loudly for the whole class to hear, we make confident EYE contact with the person we are addressing.

Mobile phones

Students at Noel-Baker are not allowed mobile phones, or any other form of electronic device. If a student's mobile phone is seen or heard anywhere on the school site, it will be immediately confiscated and taken to reception. Parents/carers will be contacted to inform them of the mobile phone being confiscated. All mobile phones that are confiscated must be collected by parents/carers. We will keep any confiscated items until they are collected by parents/carers. By sending your child to Noel- Baker Academy you agree to abide by all of our rules.

Families should ensure that any electronic devices, including mobile phones, are left at home. This is the only certain way to avoid any risk of confiscation.

Uniform and appearance

At Noel-Baker Academy we pride ourselves on high standards and expectations and believe it is important that this is reflected in our appearance as we go about our studies. This policy recognises that our school community is diverse and time has been taken to ensure that it is fully inclusive and embraces all cultures.

2.10 In the classroom - SLANT

Sit up straight

Listen carefully

Ask and answer questions

Never interrupt

Track the teacher

At Noel-Baker we S.L.A.N.T in every lesson and every assembly. This is a key habit that will help students to succeed in school and in life. When students S.L.A.N.T they learn more, they remember more, they develop more self-control and they demonstrate that they are polite young people who demonstrate respect towards their teachers and their peers. We speak to one another politely at all times using S.T.E.P.S.

Sit up straight

At Noel-Baker we sit up straight at all times and we never slouch. Teachers have a seating plan and students sit in the seat they have been allocated, this is for students benefit and is non negotiable. Teachers will say: "3,2,1 SLANT!" Everyone will focus with their eyes looking at the teacher and listen carefully to all instructions. Students will follow their instructions first time, every time. The same rules apply to all, are fair to all, **there are no exceptions.**

Listen carefully

At Noel-Baker we listen intently to every single instruction given by staff. We don't start to work or pick up pens, pencils, rulers, or anything else, until a teacher has given student the signal to do so.

Ask and answer questions

At Noel-Baker when we ask and answer questions we always put our hands straight up in the air and wait for the teacher to respond, unless a teacher directs a question at someone. Calling out is never permitted.

If students are confused, or unsure what to do, they must let the teacher finish what they are saying and then put up their hand up to ask a question. 

When asking questions students will speak confidently and project their voices so that they can be heard. Students at Noel-Baker will never be scared to ask a question. Being inquisitive is vital, the more questions you ask the more you learn.

Never interrupt

At Noel-Baker the teachers are the experts. Students never interrupt teachers when they are talking. If students are confused, or unsure what to do they let the teacher finish what they are saying and then put up their hand to ask a question.^[1]_{SEP} If students call out during a lesson, there will be a consequence as they are disrupting the teaching and learning of the class. If you are removed from the lesson this is due to persistent disruption to learning, you may think this is unfair, however the teacher's decision is final. Never answer back.

Track the teacher

At Noel-Baker students are expected to keep their eyes on the teacher whenever he or she is talking. Students never turn around – even if they hear a noise behind them. We don't lose focus. Students must concentrate on what the teacher is saying at all times and engage fully in the task set. If someone tries to distract a student, they must ignore them and refocus on the task set. Students are expected to track the speaker, where other students may ask or answer questions.

2.11 The beginning and end of lessons

It is essential that students make their way very calmly, smoothly and efficiently between lessons. At Noel-Baker all students are expected to walk between lessons using the appropriate stairs/corridors, this is not a time for conversation, students can chat to their peers in the playground in the morning, break time and lunch time. When moving from lesson to lesson students must have their equipment out ready to start the next lesson, this includes a pen, pencil, ruler, rubber and highlighter. When arriving to lessons students will meet and greet the teacher and will have their equipment ready and in their hand. Students will enter the classroom in silence. The lesson will begin with a 'Do Now' task which will be completed in silence and last no more than 10 minutes.

Throughout the lesson students will take pride in their work and will follow our presentation policy to keep their work neat and tidy.

At the end of each lesson students will complete an exit task, students will stand behind their chairs in silence, the teacher will thank the students for the lesson and the students will reciprocate this. The teacher will use the last five minutes of each lesson to pack away, ask questions, and get students ready to transition to the next lesson. Teachers will inform the students who has been rewarded with strive for 5 reward points and extraordinary praise postcard. This will be consistent in every lesson.

When packing away students will not talk, will remain focused on the task of packing away and then track the teacher. S.L.A.N.T will be a key focus at the end of the lesson as this will be a time for consolidation of learning to demonstrate progress within the lesson. Teachers will dismiss classes row by row.

At Noel-Baker students are not permitted to go to the toilet between lessons or in lesson time (unless they have valid pass). The toilets are open at break time and at lunch time. Students should not go to the toilet in the last five minutes of break to ensure that they do not miss any lesson time.

2.12 Outside of school

Outside of school students still represent Noel-Baker Academy. Students are expected to think about how their actions reflect on them, their parents/carers and the Academy. Students may receive sanctions for behaviour outside of school that affect their education or bring the Academy into disrepute.

2.13 After school

Students in our uniform are representing Noel-Baker Academy. If the Academy hears of inappropriate or disrespectful behaviour outside of school, we will sanction the students concerned. Our code of conduct both inside and outside of the Academy is the same and we expect this to be adhered to.

We expect students to be polite and courteous to the general public, bus drivers and shopkeepers. At the end of the school day students should go straight home and not loiter around the Academy grounds unless they are attending an co-curricular activity.

2.14 At home

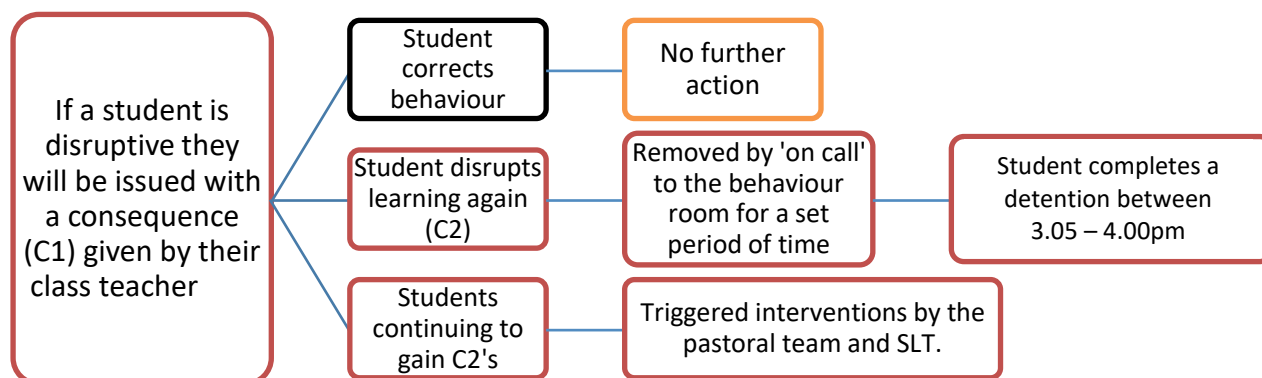

Self-Study is set to consolidate and review learning and to discover new subject knowledge. Self-study must take priority over any hobbies students may have. When students do self-study they should keep away from their phone or any devices that might distract them, find a quiet place to work where they can focus and concentrate. At Noel Baker we will not accept excuses such as “I forget” or “I slept in” as a reason for incomplete or missing homework.

2.15 The internet and social media

Students must not be unkind about other students or other people on social media. Students must be polite and kind online, just the same as when in school. If students are bullying, rude, or disrespectful online, they may be sanctioned in the same way as if it had taken place in the Academy.

The expectation is that the student apologises to the teacher for their actions and disruption of learning. Students will be supported and prepared for their corrective conversation prior to it taking place.
- ✓ Failure to attend this detention will result in the Academy increasing the length of time spent in Internal Exclusion or a fixed term exclusion.
- ✓ The Academy has the right to keep students for their detention.

Corrective conversation expectations

To have a successful Corrective Conversation, the following **MUST** happen;

- Students must fully engage in the Corrective Conversation and use STEPS at all times.
- Both staff and students must remain calm and respectful during the Corrective Conversation.
- Students must understand and accept responsibility for their behaviour and the choices they have made.
- Students must apologise for their behaviour and actions that led to the member of staff having to issue a C2.

*The Academy will make reasonable adjustments for students with SEN.

REWARDS - You matter... we care Leading to a bright future

We believe in:

- ✓ Providing a positive and rewarding culture, permeating all aspects of school life, enabling all students to achieve their potential
- ✓ Ensuring that all students can achieve recognition of their successes and efforts
- ✓ Increasing students' self-esteem through consistent, meaningful and positive rewards

The Academy use the rewards system below to reward and recognise student's achievements. Each reward carries an agreed number of achievement points. When pupils achieve an agreed threshold of reward points additional rewards will be issued.

Rewards tiered approach

Strive for 5 rewards

Academy staff are expected to issue **Strive for five rewards in every lesson** to a minimum of 5 students linked to one of our core values:

Lead reward point

A lead reward point is for students who:

- are compassionate, considerate and kind.
- lead by example and demonstrate highest standards through their academic achievement, effort or conduct.

Examples:

A student who; is polite and uses their STEPS/is an ambassador for the Academy with their high standards of behaviour.

Empower reward point

An Empower reward point is for students who:

- take responsibility for themselves, their actions and decisions. They are hard working students, who demonstrate commitment and perseverance.
- goes that extra mile to help others.

Examples:

A student who; volunteers to support others / demonstrates hard work consistently.

Achieve reward point

An Achieve reward point is for students who:

- are **dedicated to achieve their very best** in whatever they do. This can be in their studies, extra curricular activities or any other activities that support the Academy.

Examples:

A student who; completes all their self-study on time and to the best of their ability or is working at or exceeding their targets.

Drive reward point

A Drive reward point is for students who:

- Are **dedicated to success**.
- They **constantly want to improve** and better themselves and **aspire to get better**.

Examples:

A student who; asks questions on how to develop their response further / set goals to achieve their potential / seeks opportunities to improve.

Extraordinary rewards

Extraordinary reward points are for students going above and beyond. These students will be celebrated by being issued with a praise postcard. The expectation is that teaching staff issue at least one per class per week.

An Extraordinary reward point is for students who:

Astound their teachers with their **brilliance**. They are **remarkable** and **demonstrate everything we stand for at NBA**.

Examples:

A student who; **constantly impresses** staff daily with their **attitude, conduct** and **achievement beyond expectations / develops a verbal or written response that is remarkable**.

SLT rewards

Senior leaders visit lessons daily to celebrate the successes of students and staff. Senior leaders issue praise postcards and SLT rewards to recognise amazing contributions they see on their visits to lessons.

Milestone rewards:

Weekly

Each week House points, attendance and key students who have excelled from the previous week are celebrated at morning roll calls. House assemblies also have a key focus on celebration of success reinforcing the importance of recognition and the celebration of positivity.

Each week there is an SLT rewards celebration with a key focus for example: top 5 students in each house with the most Lead reward points. Those students will be selected and receive a weekly celebration with SLT. This could be afternoon tea, ice creams, trampolining afternoon amongst many other weekly celebrations.

Half Termly

Every half term, Heads of House select 10 students who have made significant improvements in attendance, behaviour, attitude etc or who have been extraordinary. These students on a Friday afternoon are involved in a celebration afternoon with their Head of House.

Termly

Every half term finishes with rewards assemblies to celebrate the success of students during the term. These celebrations are conducted in house assemblies with the Head of House, form tutors and SLT. Prizes and certificates are issued for all nominees.

Rewards celebration evening:

Annually we host our celebration evening. This evening celebrates school leavers who are recognised for their outstanding achievements and progress in their GCSE's. In addition, we celebrate current students who are nominated by pastoral staff, curriculum teachers and senior leaders for being extraordinary. Academy staff, governors, parents/carers, external agencies and guest speakers attend the evening to collectively celebrate the amazing students at Noel Baker Academy.

Appendix 3 – Behaviour Panel Process

Behaviour Panel meetings occur at Noel-Baker Academy where a student has repeatedly failed to comply with expectations and despite being issued with consequences and sanctions has not refocused on learning and remains a concern to staff.

Students attend a behaviour panel meeting with their parent/carer. Waved behaviour panel meetings take place when a student reaches a waved stage and/or each half-term when a meeting is scheduled.

The senior leadership team chair the meeting with the attendance of the Head of House. The meeting can include any number of professionals or external agencies as deemed necessary by the chair person.
